CAREER OBJECTIVE

A passionate and driven Computer Science graduate with hands-on experience as a Web Developer Intern at **Enabling Systems** and as an IT Intern at **Khyber Medical University (KMU)**. Skilled in building dynamic, responsive, and user-friendly web applications using Angular, ASP.NET, and SQL Server. Recognized for adaptability, problem-solving skills, quick learning ability, and a strong academic background.

PROFESSIONAL EXPERIENCE

Web Developer Intern – Enabling Systems   (May 2025 - Jul 2025)

Worked on the Enabling Systems Portal using Angular, focusing on developing and enhancing interactive, responsive, and user-friendly interfaces. Collaborated with backend to integrate APIs and services using ASP.NET Core, ensuring responsive, scalable, and maintainable UI features.

IT Intern – Khyber Medical University (KMU)   (Nov 2023 - Apr 2024)

Completed a 6-month internship focused on web application development. Gained practical experience in ASP.NET MVC and SQL Server for backend operations, while designing modern and responsive user interfaces using HTML5, CSS3, and Bootstrap. This internship enhanced my skills in backend–frontend integration, database management, and creating efficient, user-friendly web solutions.

ACADEMIC PROJECTS

Online Shopping Cart / E-commerce Website

It's my final year university project which was designed and applied using HTML, CSS, ASP.NET Web Form using C# and SQL Server. It was a professional shopping cart website which fulfill all shopping requirements.

Library Management System (LMS)

Developed a web-based library management app using ASP.NET MVC, Entity Framework, and SQL Server. Implemented role-based login, book issuance/return, and responsive UI with Bootstrap 5 for efficient and secure library operations.
